I have lived with dogs my whole life, and I had inherited my love for them from my father who had passion for Newfoundlanders.

My mom, on the other hand, loved small dogs so we always had one running around our home.

One of my first serious “paycheck” spent was for my first shihtzu female, which was actually a retirement gift for my mom, but it got me hooked on dog showing, later breeding.

I have joined “of Mondoshawan” kennel, pretty soon after getting my female.

Since then we created numerous National, International Champions, a European Ch, dogs that were highly placed at World, European and Specialty shows, both from our breeding and dogs we owbed.

Years after, in 2013. my passion led me to become a judge.

My first breeds were, logically, from group IX, but after becoming an International FCI judge,

I have also added groups 1, 2, 3, 4, 5, 8 to my judging list.

Still my biggest passion is breeding and showing and I have been showing on most of the greatest European shows as well as USA National Specialties, along with my husband and his cockers.

I have also had a pleasure to judge all over Europe on National, International and Specialty shows. I enjoy interacting with dogs and people from dog world.

When I was ten years old I finally got my first one, a German Shepherd and after she passed away I got a Russian – European Laika and Belgian Shepherds. Since 1996 I actively practice cynology when I started breeding Belgian Shepherds (Malinois, Groenendael and Tervueren).

My kennel "Sunny Day's" is FCI registered under No.4318.

For some years I have been breeding Dobermanns and after that I returned to a breed I always loved the most: Rottweilers.

Till now I bred a lot of Champions, Multichampions, World and European Winners; International Champions, Club Winners and BIS winners... I always try to get out the best for the breed.
